

BUILDING A MARS HABITAT

MAJD SHAHoud
Sumeet Joshi
Dost Şahingöz
Mo Behboodi

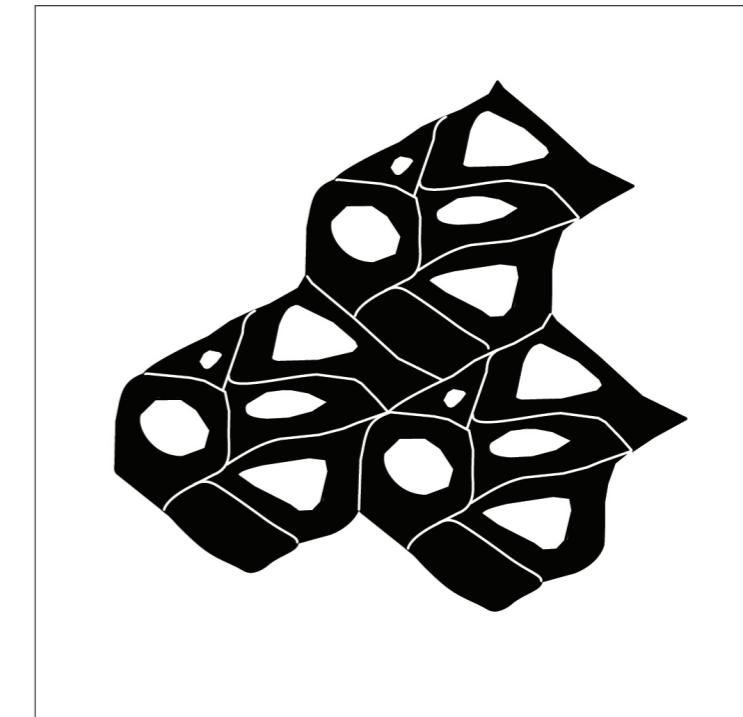

Design process

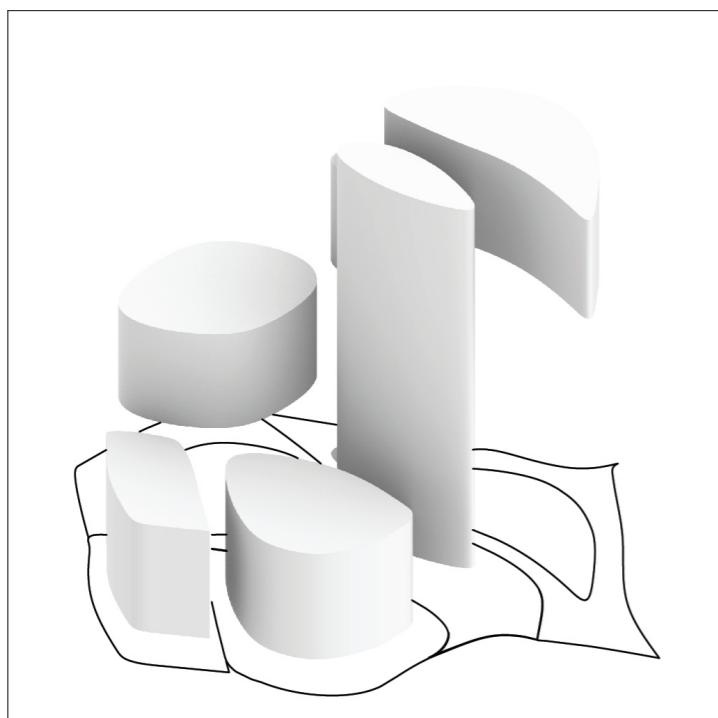

01. A conceptual form that can be multiplied.
The Rectangles are imagined as functional
spaces and the triangle is a core.

02. Translational of the form into organic form
while imagining the walls to be thicker

03. A cluster of units that can grow as a
community

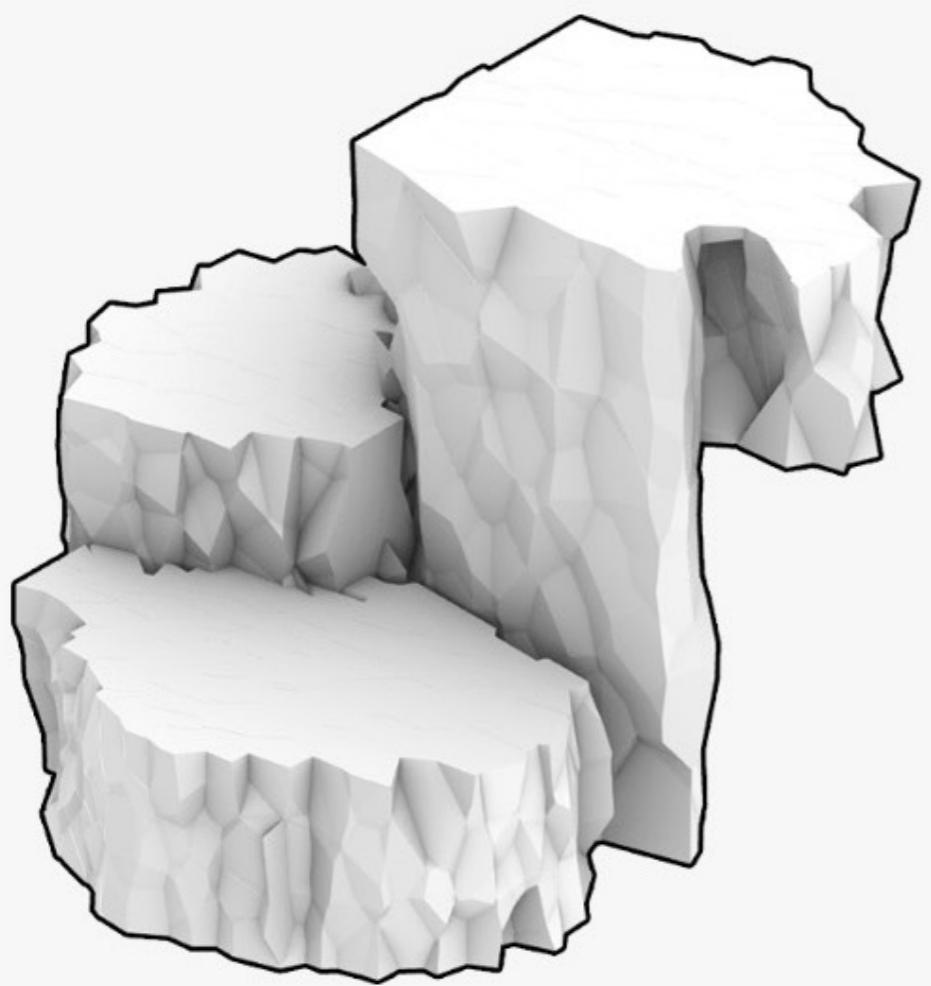

04. Arragement of internal functional spaces

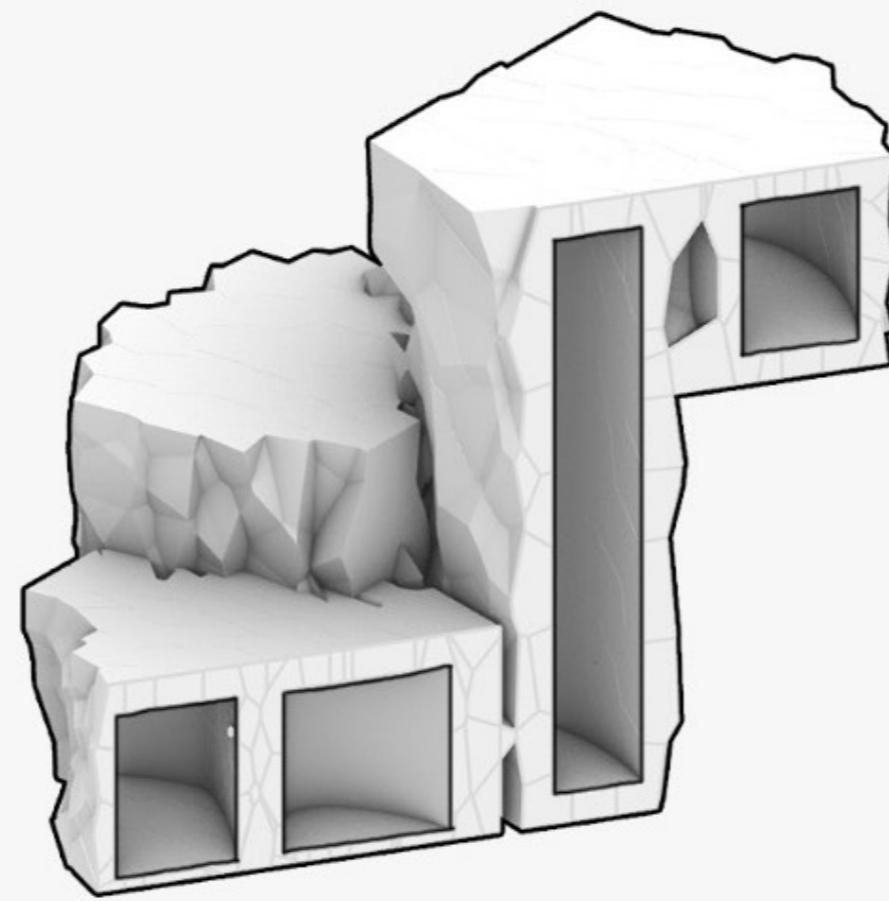

05. Thicker walls to to create habituable
internal spaces

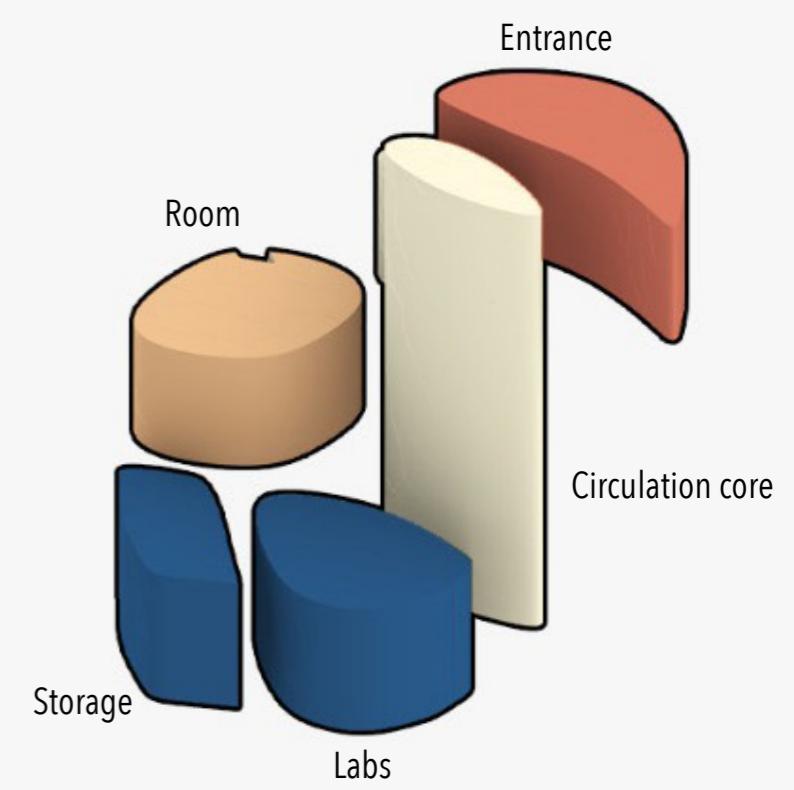

06. The proposal after Voronoi assimilation
